WORKPLACE WELLNESS ESSENTIALS

## Protective & Productive

Transform current settings into healthier work areas for your team. Cleanable divider screens give workers a safe barrier for protection with transparent materials that promote a sense of openness and allow light to flow through. Easily retrofitted into existing workstations, downtime is minimized so your organization can get up and running quickly.

HANDS-FREE WASTE MANAGEMENT

## Neat & Clean

Encourage employees to make responsible, environmentally-driven decisions with their waste disposal while ensuring their safety when doing so. Centralized waste and recycling hubs consolidate waste disposal for ease of cleaning and sanitizing. Hands-free trash receptacles reduce the need for physical touch, keeping workers healthy as they maintain spotless spaces.

## OUTDOOR SPACES

# An Inviting Approach

When planning a safe return to the workplace, consider maximizing outdoors spaces as a way to provide workers with a safe alternative offering fresh air and added room for social distancing. These spaces are expected to be very popular since people will not need to wear face coverings as long as they are a minimum of six feet apart.

WHITEBOARD SCREENS & WAYFINDING SIGNAGE

## Multi-tasking & Movable

Screens, barriers and signage are needed in the workplace now more than ever, but there's no reason why they can't do more than just divide space. Lightweight and mobile, whiteboard screens and wayfinding signs help to divide space, address new protocols and guide workers and guests on desired traffic flows.
